

MUNICIPAL MULTIPURPOSE MACHINE MK-320 ON “BELARUS-320.4” TRACTOR BASE

Municipal multipurpose machine MK-320 on “Belarus-320.4” tractor base was designed for mechanized snow, debris and sand cleaning on roads, pedestrian ways and workshop yards.

TECHNICAL CHARACTERISTICS

| Parameter | Value |
|--|-------------------|
| Type | Municipal machine |
| Basic tractor | Belarus-320.4 |
| Tractor drawbar category | 0,6 |
| Engine nominal power, kW | 26,5 ± 2% |
| Max road brush width, mm | 1 800 |
| Brush working width at tilt 30°, mm, min | 1 300 |
| Brush diameter, mm | 550 + 10 |
| Snow blade width, mm | 1 900 + 50 |
| Working width at tilt 30°, mm, min | 1 600 + 50 |
| Working speed, km/h, max | 18 |
| Driving speed, km/h, max | 25 |
| Overall dimensions with snow blade and brush | |
| Length, mm, max | 4 800 |
| Width, mm, max | 1 900 |
| Height, mm, max | 2 320 |
