

CESSPOOL TANK TRAILER MV-4,2

TECHNICAL CHARACTERISTICS

Parameter	Value
Type	Semimounted
Towing tractor*	MTZ-80, MTZ-82
Tank volume, m ³ - geometrical, min - effective, max	4,2 4,0
Work tools drive	Mechanical
Pump flow, m ³ /h (l/min)	240 (4 000)
Tank pressure, MPa - underpressure, min - positive pressure, max	0,085 0,03
Tank filling time, min	6,0
Drainage time, min: - by gravity - under pressure	7,0 5,0
Maximal suction depth, m	6,0
Transport speed, km/h, max	25
Parking brake	Mechanical, manual activation
Ground clearance, mm, min	400
Operating staff, man	1 (tractor driver)
Overall dimensions, mm, max: - length - width - height	4 250 2 380 2 310
Weight, kg, max	1 600
Reliability measure	Depends on pump

* Tractor has to be equipped with pneumatic connection for trailer brake system.
